

Fire up your business with fmlgnite!

The most complete and easy to use customized business solution.

fmlgnite is a powerful business solution that serves as a foundation that can be customized to meet your exact business needs. It's more than a Contact CRM (Customer Relationship Manager), more than an ERP (Enterprise Resource Planning) tool, and more than QuickBooks financial software. It is a fully integrated system based on the award winning database software FileMaker Pro.

Key benefits:

- Manages Contacts, Groups, Projects, Tasks/Templates, Bookings, Calendars, Events, Notes, Mail/Templates, Invoices, Journal/Billing, Products, Orders (with online shopping cart integration), Documents, Travel, etc.
- Stores all your critical business information in one place.
- Connects your contact information to web services like Google Maps, Facebook, LinkedIn, Twitter, weather, city info, maps, phone directory, and more.
- Simplifies data entry with smart fields that auto format and enter information
- Saves double-entry through easy import of information from Excel, your web site, or email messages.
- Grows with your business with the ability to add customized features at your own pace and with immediate ROI (Return on Investment).
- Exports contacts for multiple mailing lists for use with Constant Contact, MailChimp, or other mailing list managers.
- Connects Windows and Macintosh users to the same system.
- Integrates with the Macintosh OS X iCal, Address Book, Mail and MobileMe.
- Accessible directly via Apple Mobile devices such as the iPhone, iPad, iPod Touch.
- Sharing options for hundreds of users internally or outside your organization anywhere in the world via the internet.
- And many more...

Some instances and representative industries where fmlgnite has been implemented:

- Speakers and entertainers managing bookings/engagements.
- Consulting services managing jobs, invoicing, and tracking.
- Creative agency managing clients, vendors, jobs, and projects.
- Real estate managing buildings, spaces, and projects.
- Manufacturing managing clients, parts, orders, and invoicing.
- Non-profits managing donors, scholarships, etc.
- Schools and study abroad programs managing students, host families, and travel.

fmlgnite is sold with consulting services that can get you started to exactly meet your particular needs. Data migration services can move your existing data from Excel, Access, ACT!, Now Contact, GoldMine, Outlook, Bento, Apple Address Book, etc.

A customized solution built on fmlgnite can save you thousands of dollars over starting development from scratch. It allows you to focus your efforts on building only those application features that are required for your unique business needs to get the solution you need much faster and gain a unique competitive advantage.

Since fmlgnite is a totally customizable product, costs of fmlgnite range from \$300 and up depending on many factors including the number of users, modules, level of security required, etc.
